**Upcoming events**

- Honours Showcase**  
 Date / Location: "We used to not like that word 'research,'" recalled Aunty Lynn McKines, an Elder of the Wurundjeri people attending the 10 year anniversary celebrations of Oremda, VicHealth's First Health Unit...
- So you want to be a Dentist?**  
 Date / Location: The hospital is home to the University of Melbourne's Co-Operative Research Centre for Oral Health, which has revolutionised the dental industry through the development of Recadent...
- So you want to be a social worker?**  
 Date / Location: Formerly the Director of the Key Centre for Women's Health in Society, she has taken her place alongside an esteemed Board, and the internationally-recognised Professor Alan Shreff.

**Key dates**

- Re-Enrolment - 30 November 2010**  
 The Faculty oversees some of Australia's most dynamic research domains. These are multi-discipline centres for collaboration allowing research and practitioners to work together to further human health.
- GAMSAT - 15 February 2011**  
 A new era is dawning. The Melbourne Brain Centre and Pankajvee Comprehensive Cancer Centre are just two of the major projects the faculty is involved with. These initiatives will have a radical impact on local and international research and health practice.
- Exams - 12 July 2011**  
 Extraordinary generosity from our community, alumni and staff allows us to extend our work through scholarships and research grants. Read inspiring stories from our recipients.

The image shows a screenshot of a web page being edited in a design tool. The page has a dark blue header with the text 'udent Centre' and 'A-Z directory | Li'. Below the header is a pink navigation bar with four items: 'Advice & Support', 'Resources', 'Academic Programs', and 'Contact'. A white box with a dashed border is overlaid on the page, containing a list of services with 'Single Subject Study' highlighted in pink. The design tool interface includes a menu bar, a toolbar, a ruler, and a color palette.

About Us Advice and Support Academic Programs & Policy Resources Graduate Schools Contact

The Medicine, Dentistry and Health Sciences (MDHS) Student Centre provides a range of services and support for students enrolled in Health Sciences programs within the Faculty as well as pathways advice for undergraduate students enrolled in the Biomedical Sciences (this includes Bachelor of Biomedicine students).

Student advisers will assist undergraduate, honours, higher degree coursework and research degree students with pathways advising (including prerequisites and admissions information) for honours and postgraduate courses (coursework and research). This includes course information for the new Doctor of Medicine, Doctor of Physiotherapy and Doctor of Dental Surgery degrees.
